Who's playing? — before / after (v0.6.67 staging, not in 0.6.66)

Before: 0.6.66 Midnight look, your profile. After: Aurora glass (new default), same profile. GT78 960x640 left, Odin 2 Portal 1920x1080 right.

GT78 — before

Odin 2 Portal — before

GT78 — after

Odin 2 Portal — after

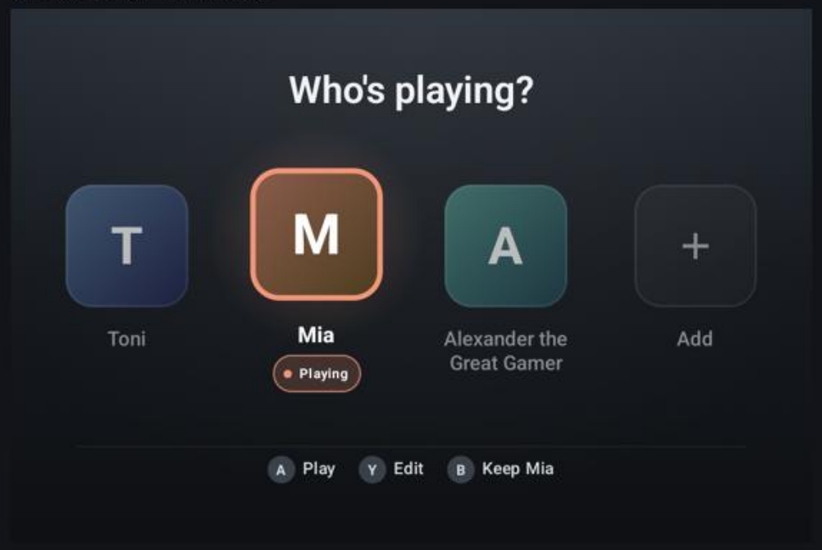

Six looks — GT78, three sample profiles

Sample profiles (ids 900+, initials = no photo), one marked Playing. Nothing saved.

Aurora glass (new default)

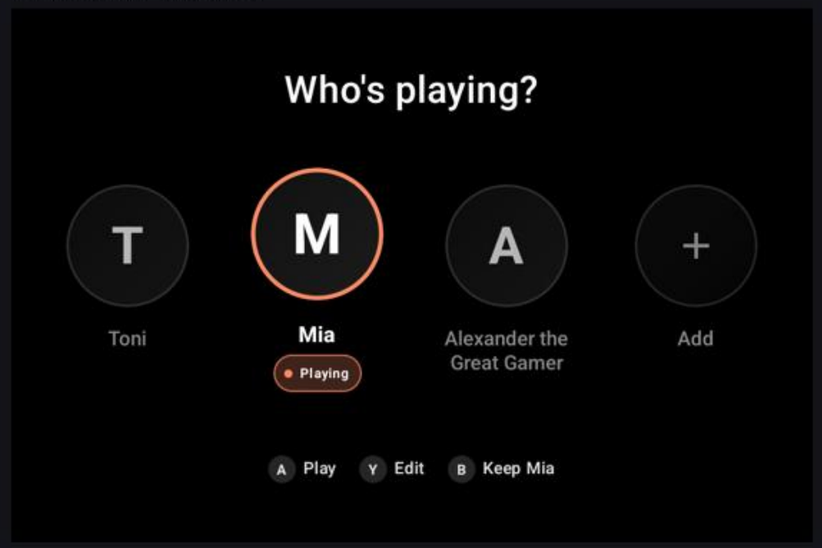

Console classic

Neon arcade

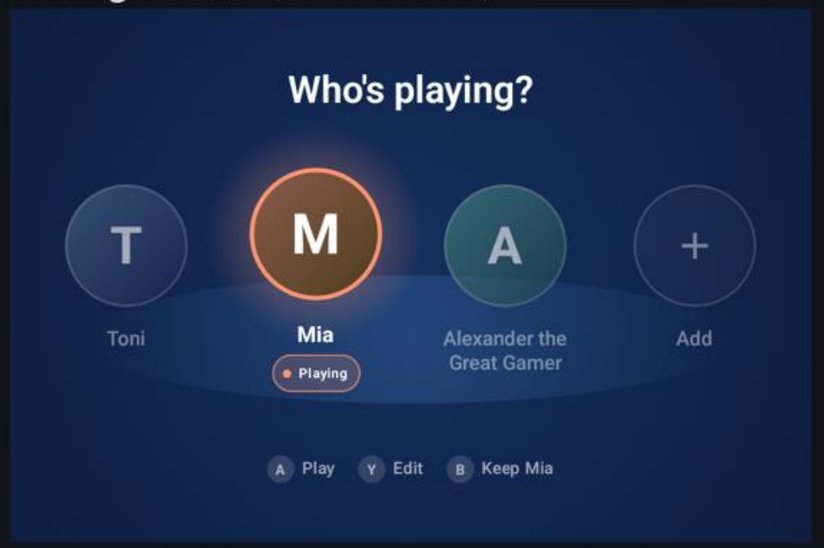

Minimal OLED

Follow Voltcap theme

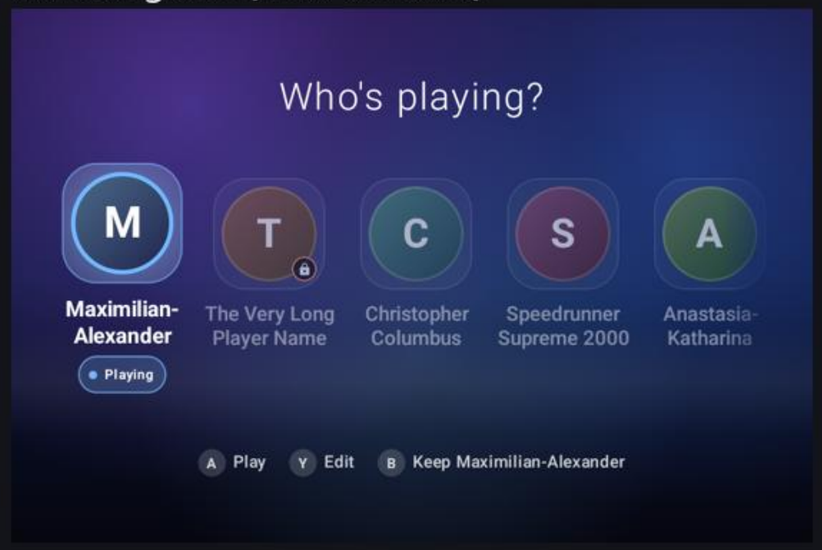

Midnight blue (0.6.66 look)

Six looks — GT78, 8 long names + a locked one

Names break between words / after a hyphen and shrink, never '...'; row scrolls with edge fades; lock badge.

Aurora glass (new default)

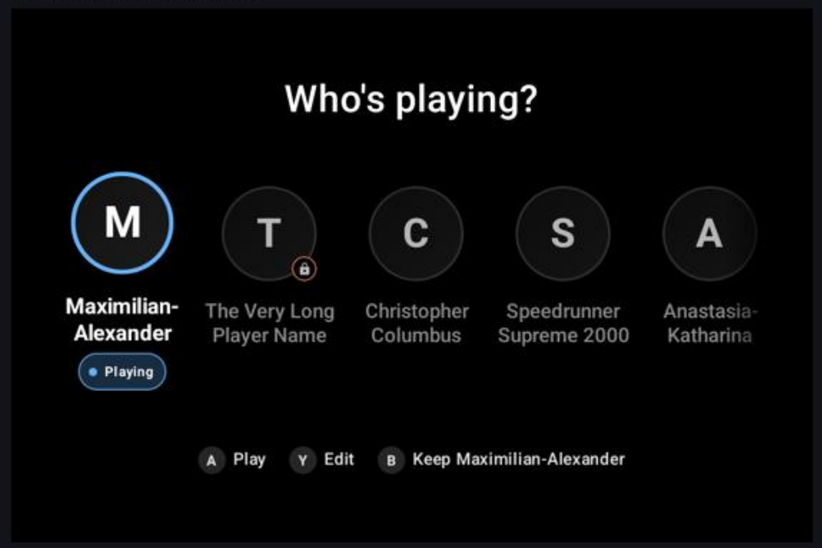

Console classic

Neon arcade

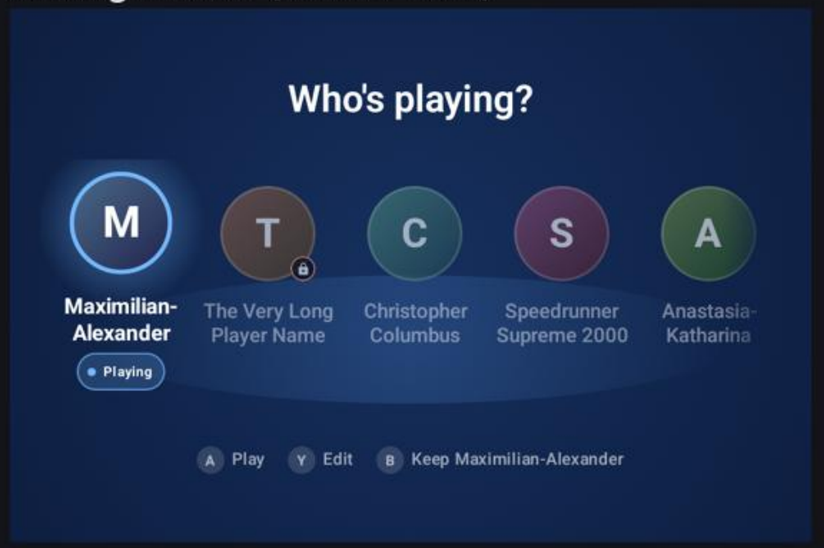

Minimal OLED

Follow Voltcap theme

Midnight blue (0.6.66 look)

Six looks — Odin 2 Portal, three sample profiles

Aurora glass (new default)

Console classic

Midnight blue (0.6.66 look)

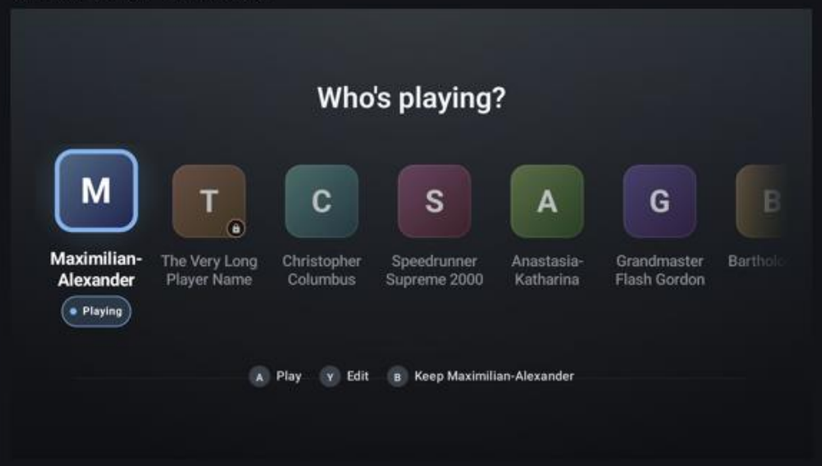

Six looks — Odin 2 Portal, 8 long names + a locked one

Aurora glass (new default)

Console classic

Neon arcade

Minimal OLED

Follow Voltcap theme

Midnight blue (0.6.66 look)

Six looks — your own profile (photo), Odin 2 Portal

Your real profile shown read-only (opened with the normal Who's playing? request, closed with B).

Aurora glass (new default)

Console classic

Neon arcade

Minimal OLED

Follow Voltcap theme

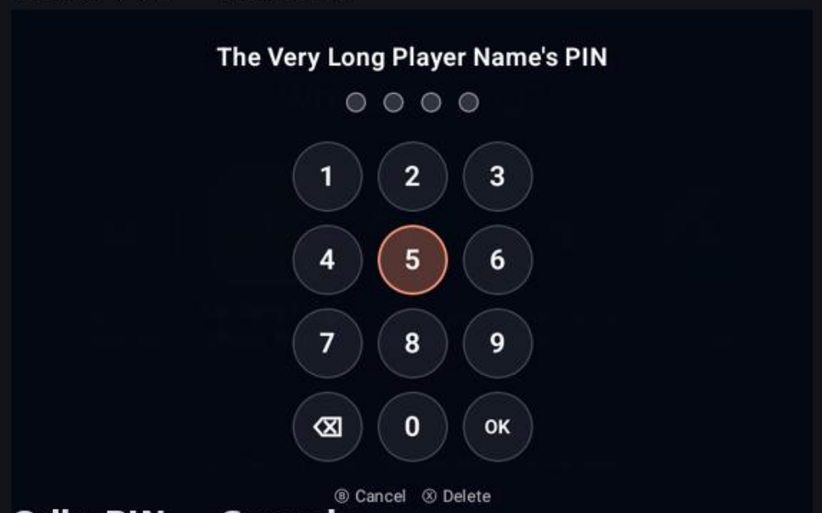

Midnight blue (0.6.66 look)

PIN pad and profile editor (sample profiles)

56 dp keys, accent dots; editor gains a Colour row (12 presets, reuses the saved hue). GT78 top, Odin bottom.

GT78 PIN — Aurora

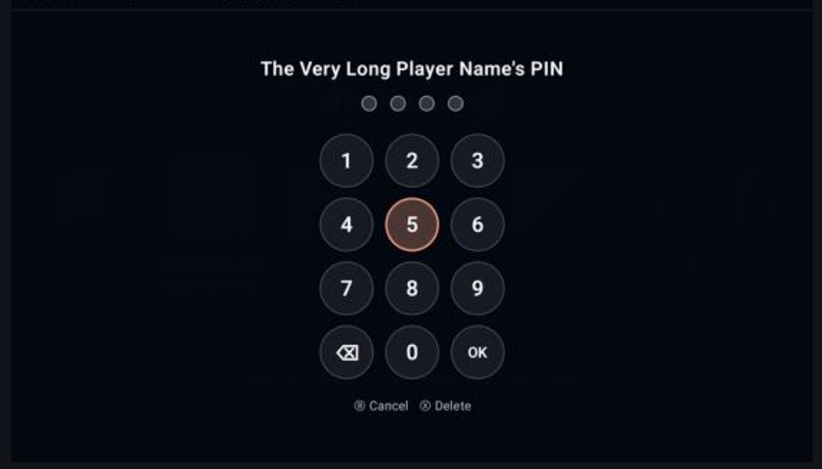

GT78 editor — Neon

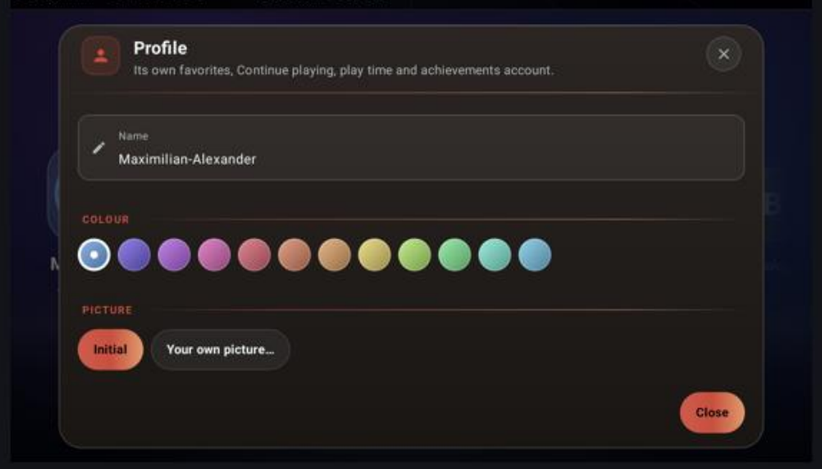

GT78 editor — OLED

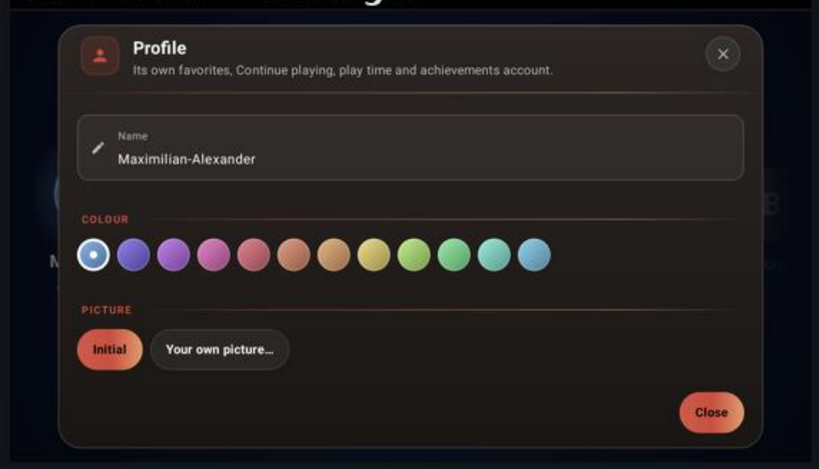

Odin PIN — Console

Odin editor — Aurora

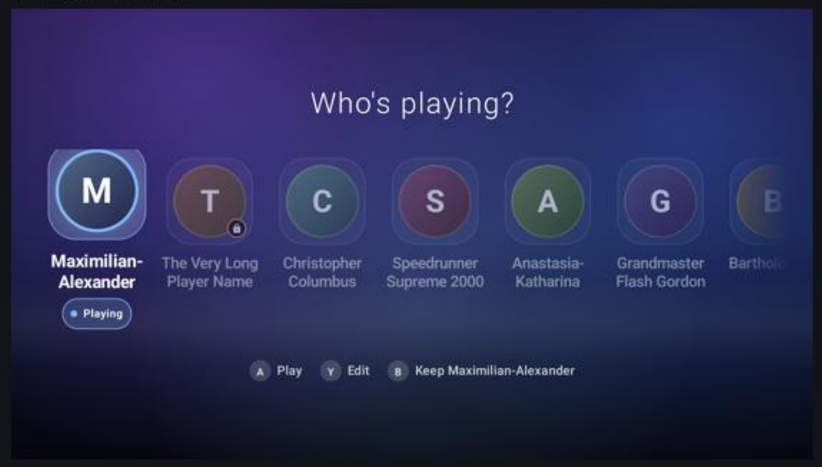

Odin editor — Midnight

D-pad and touch

◀ on the first stays · ▶ to the end scrolls · ◀ back · tap a sample (pick animation) · your profile still Playing afterwards.

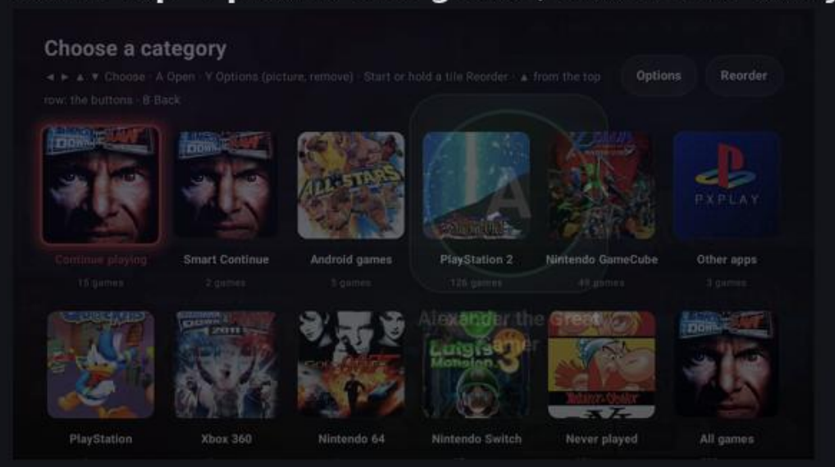

Odin: first

Odin: ▶ to the end

Odin: tap → picked one grows, others fall away

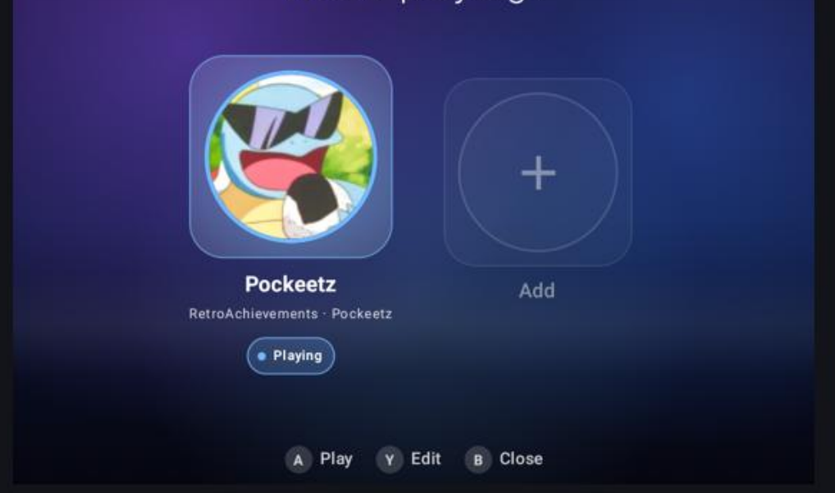

GT78: first

GT78: ◀ back to the middle

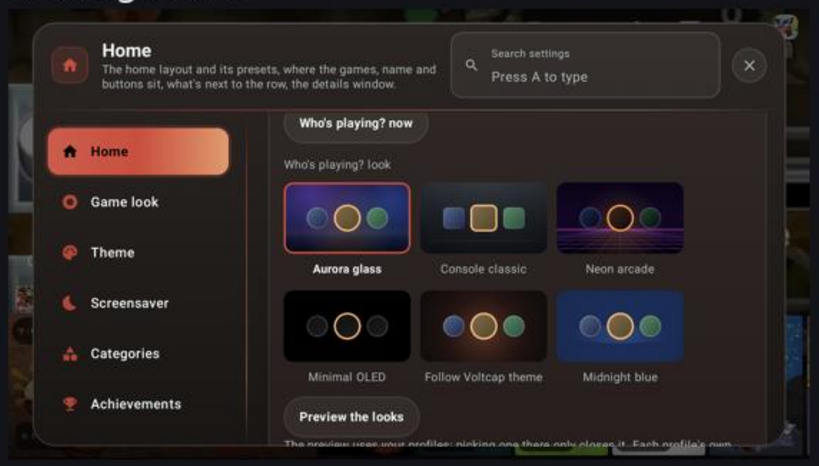

GT78: after — your profile unchanged

Settings › Home › Animations: thumbnails and live preview (Odin)

Thumbnails save the look at once; Preview the looks shows your profiles, L1 / R1 change the look, picking only closes it. Also in Settings search (Who).
